Keep your children busy learning about the outdoors at the Environmental Nature Center's (ENC) Presidents' Week Nature Camp taking place Feb. 19 - 22.

Campers will rotate between their expert Camp Teachers and participate in exciting, age appropriate hands-on activities. Each day, campers will explore the ENC, search for animal evidence and get crafty with nature. Full and half day camps are open to students in kindergarten through 6th grade. A 10 percent discount applies for ENC members.

For more information and to register, visit [www.encenter.org](http://www.encenter.org).
