From 5:30 to 8:30 p.m. on Sunday, enjoy an exciting fundraiser that will benefit Newport Beach's Environmental Nature Center. Kicking off with a picnic dinner, the main event is the Wilderness Survival Game Show. Families can come out to test their knowledge on all things nature—from starting a fire without any flammable liquids to building a shelter and knowing what to do in an emergency. It's a great chance to show what you know, win prizes and enjoy some time with [friends](#) in the local community. Outreach Director and nature enthusiast Sama Wareh will lead the evening.
