The Environmental Nature Center (ENC) is hosting its 2018 Summer Nature Camp, with one-week sessions from June 25 - August 16. The camp runs from either 9 a.m. - 1 or 3 p.m. for children ages 3 through grade 8. There are only a few spots left so sign up now!

The ENC has had Summer Nature Camps since 1977. Its goal is to provide science education through fun and interactive learning sessions. According to their website, "Campers spend most of their time outside, having a great time observing nature close up using tools like binoculars, magnifying lenses and microscopes."

While summer is a break from school, it should not be a break from learning. Instead of being stuck in a classroom, your child will have fun participating in games and crafts that revolve around the environment.

For more information, visit [www.enccenter.org](http://www.enccenter.org). There is a 10 percent discount for ENC members.

ENC is located at 1601 16th St., Newport Beach.
