## For the Love of Campfire, S'mores and the Night

Gather around the campfire at the [Environmental Nature Center](#) for an evening of fun after the sun goes down. Their event, For the Love of Campfire, S'mores and the Night, is a celebration of the local community, serving as an effort to draw locals together to interact and enjoy one another. Led by Sama Wareh, the center's director of outreach, the night will start with a short hike on the ENC property followed by a campfire sing-a-long. Whether singing popular songs, humming along to guitar or telling stories, the event allows guests to bond while drinking hot cocoa or tea. It's the perfect place for the whole family to get together and enjoy an OC campfire. The event runs from 6 to 8 p.m.
