ENC seeks volunteers for President's Week Camp

The Environmental Nature Center (ENC) is looking for responsible high school students that love nature and working with children to be a part of the Leader in Training (LIT) program for their upcoming President's Week Camp, taking place February 18 - 21.

Students will assist the knowledgeable staff members with Nature Camps. Here, they will gain experience and responsibility and learn more about the nature around them along the way. Volunteering for the ENC will not only enhance a student's resume but it will look great on college applications too.

Although it is a volunteer position, applicants must interview to be eligible. Students, not parents, are responsible for communicating with ENC staff regarding the Leaders in Training opportunity.

In order to participate, students must be available for mandatory training for President's Week Camp: February 13, 3:15 - 5:15 p.m. and Spring Break Camp: April 3, 3:15 - 5:15 p.m.*

- 2018-19 Camps:
- President's Week: February 18 - 21
- Spring Break: April 8 - 11
- Summer Camps: June 24 - August 15

Once the ENC receives a student's application and reference form, they will contact the student to schedule an interview. Experienced LITs that have volunteered as LITs at the ENC in the past need not submit a reference form or interview.

*Additional training time is required for Little Naturalist and Science Explorers Camp. For more information, call 949.645.8489, ext. 103. The Environmental Nature Center is located at 1601 E.16th St., Newport Beach.
